INTRODUCTION

Our 4x4 Off-Road Training is specially catered for anyone that uses or handles a 4x4 vehicle off-road as part of their work duties. They must understand how to best handle their vehicles safely and to their best advantage. With increasing level of dangers and risks on our roads today, even the most mundane of routines on the road can easily lead to fatal consequences if they do not practice appropriate driving techniques, skills and more importantly, habits.

As employees commute to work daily, be it to offices, urban work sites or a long journey along unsealed terrains to the rural project sites, each of your valued vehicle-operating employees are not only carrying out important responsibilities vital to your organisation's smooth operation, but they are also upholding the name of the company on the road.

This course is specially designed to not only equip your valued employee with critical 4X4 off- road-and-wheel knowledge, but with sustainable self-discipline habits, practices and practical skills on-the-wheel. This will help them in carrying out their respective duties by greatly minimising off-road negligence and maximising on-road cognizance.

OBJECTIVES

- Develop drivers that adopt a comprehensive set of defensive driving habits in line with our driving laws in Malaysia.
- Equip drivers with the knowledge and a sound understanding of 4WD systems and operations of a 4X4 vehicle components.
- Equip drivers with the mental and physical aspects and expectations when handling 4x4 vehicles.
- Influence driver's habits, mindsets and attitudes through incorporating Hearts & Mind methodology.
- Develop good habits in drivers such as to conduct vehicle checks (pre & post; on & off-road) as part of safe journey management.
- Develop a sense of responsibility and ownership in drivers when handling corporate vehicles.
- Enable drivers to build log bridges, winching and perform water crossings.
- Equip drivers with the knowledge on how to respond to an emergency through following SOP or an emergency response plan.
- Help avoid accidents, reduce down-time and maintenance cost of the vehicles by equipping drivers with the skills and techniques to maneuver through different off-road challenges.

LED BY EXPERT TRAINERS & FACILITATORS

Our lead trainer, Mr Suhaimy specialises in 4-Wheel Drive (4WD) 4X4 off road training since 2004. He is a senior trainer and instructor and frequently trains for companies with a large fleet of vehicles and drivers, major 4x4 events, tournaments, rainforest challenges as well as international events. Working through MRS, participants will now find this a great eye-opening skill training with consistently superb testimonials.
